Dear Mr. Reed,

On behalf of Ormond Beach Dental Group, I would like to thank you for the opportunity to advertise in Lifestyle Magazine. Your magazine has opened many new opportunities for our office with our ad. With the great distribution area, we have great success in reaching patients who need trusted, comfortable and affordable dental care. The process with advertising with you has been entirely worry free and everyone of your staff has been completely professional. I would not hesitate to recommend your magazine to anyone who is looking for a superb way to advertise their business. Without the support of people like you and Lifestyle Magazine, we would not be able to reach our goals and our future patients. Thank you once again for your great work.

Respectfully,
