• Here's a grill tip just in time for Memorial Day: When you need to cook something that needs covering (say, chicken) alongside something that does not (like hot dogs), simply invert an aluminum roaster/cake pan over the needs-covering item. You can purchase smaller size pans that can be reused. – *JoAnn*

• “I have a tip about taking medicine. Regardless of the size of the pill, I always feel as if it is stuck in my throat. I have started to have a chunk of banana after taking a pill. I don't get that stuck feeling anymore.” – *T.B. in New Hampshire*

• “The sticky residue from price tags can be really annoying. I use WD-40 to get it off. Works every time for me!” – *J.K. in Alabama*

• “Painting stairs? This tip will save your life! Paint every other step to start with. When they are dry, go back and paint the others. This way, you can use the staircase anytime during your project. This is particularly important if the stairs are the only way to get to bed after a long day of painting!” – *I.L. in Nevada*

• Mix a quarter cup of salt in with two tablespoons of bath wash for a sudsy, refreshing, skin-soothing salt scrub.

• To travel with pleated skirts, use this packing trick: Turn the skirt inside out, and straighten all the pleats. Then tape the bottom so that all the pleats are held together. Next, feed the skirt into a leg of pantyhose with the foot cut off. You'll end up with a nice tube, which you can tuck into the side of your luggage.
